# EXPERIENCE MOMENTS OF WARMTH AND ATMOSPHERE

BonFeu stands for a recognizable and unique design and a high quality. We always strive to develop fireplaces that are comfortable to use and also suitable for delicious outdoor cooking. Creative and contemporary designs that anticipate on current trends, but always with a certain robustness that guarantees a long life. Because of these core values, BonFeu has developed into a leading brand in the world of fireplaces, firepits and firebowls.

# BONSOLO

The BonSolo is one of our smallest fireplaces, but a real eye-catcher. It is equipped with a rotating grill and has a cut-out logo on the front. This logo gives a great effect during fire.

The BonSolo also has extendable legs which makes it easy to stabilize.

H 126 cm Ø 34cm  
Incl. grillrost and spark screen

# FEATURES AND BENEFITS

In addition to the timeless design and the high quality of materials, the BonFeu stoves have a lot of other features and benefits. All stoves, except for the BonCarre, are on three legs.

The advantage of three legs is that the stove automatically adapts to the unevenness of the surface on which it stands.

In addition, all legs are provided with an extra wide base. For even more stability. Our word logo is lasered on the top of the hull in each stove. This makes all BonFeu fireplaces very recognizable. In addition to the handy spark screen, almost all stoves come with a chrome grill and a wok ring. And for the stoves that fit a wok ring, a Plancha (see page 45) is also an option. This makes most of our models ideal for outdoor cooking.

# BONGIANO SP

The BonGiano SP is a sturdy garden fireplace with grill and wok ring. The perfect combination for a cozy fireplace and the perks of outdoor cooking.

H 142cm Ø 30cm  
Incl. grillrost, wok ring, spark screen and lid.  
A plancha is optional (Art. nr. BPR3.400G)

■ Art. nr. 3001   ■ Art. nr. 3001R

# BONGIANO LP

This is the bigger brother of the BonGiano SP. With an ideal height of 164cm and the grill and wok ring, it is very suitable for outdoor cooking with a bigger group.

H 164cm Ø 30cm  
Incl. grillrost, wok ring, spark screen and lid.  
A plancha is optional (Art. nr. BPR3.400G)

■ Art. nr. 3002   ■ Art. nr. 3002R

# BONTINO

The BonTino has a similar look and feel as both the BonGiano fireplaces. However, the BonTino fireplace is slightly bigger with a diameter of 35cm. Because of the bigger body, this fireplace gives an even more robust feeling. Because of the wider diameter and a height of 164cm, you get a great fireplace with barbecue grill and wok ring for your garden.

# CORTEN STEEL

This material is a metal alloy consisting of iron to which copper, phosphorus, silicon, nickel and chromium are added.

It's strength is comparable to that of other alloy steels such as stainless steel. Corten steel is a weather-resistant steel and has a brown rust color. This rust-colored and dense oxide skin protects the deeper lying material from oxygen, resulting in a considerably slower oxidation process. Due to the oxide layer,

there is no need to paint the material.

## BONVES 34

Together with his bigger brother (the BonVes 45) the BonVes 34 are the newest members in the BonFeu family. The BonVes is based on old-fashioned washing machines that were sometimes used by hobbyists to create their own fire basket. The perforated steel provides a beautiful view of the fire. For optimal stabilization, The BonVes has been provided with extendable legs. The BonVes 34 can easily be transformed into a multi purpose cooking station with the BonFeu Plancha 44 (Ø 45cm).

# ACCESSORIES

For almost every BonFeu product there is an accessory to make your BonFeu experience even better. For the BonGiano SP/LP, the BonTino, the BonCarre and the BonTon 40, there is an option to extend the pipe with one of our separately sold BonFeu Pipes. If you want to extend the stovepipe and perhaps even run it outside the roof of -for example- your veranda, a BonFeu Connector is a great option. To ensure our products durability, we can provide you with suitable protection items such as the BonFeu Raincover and the BonFeu RainCap.

Thus keeping your BonFeu product nice and dry.
